

# About APEC and INTPE Membership

All Malaysian Engineers should join both the APEC and INTPE membership in Malaysia.

One must apply to be a Corporate Member of IEM and a professional engineer with the Board of Engineers (BEM) first prior to registering for the APEC and IntPE Membership.

Minimum qualification to be a Corporate member of IEM and PEng of BEM is to have at least a minimum of three years' relevant experience and a qualified accredited degree in engineering.

One can apply to be a member of IEM via online application or alternatively download the form from the IEM website at [www.myiem.org.com](http://www.myiem.org.com) and complete the appropriate application and submit with payment. After admission as an IEM member, make a submission to the BEM to be registered as a P.Eng.

One can apply then apply to be the APEC Engineer and the International Professional Engineer if you have acquired 7 years of relevant experience with 2 years in a significant charge. The requirement of a minimum point of 50 CPD hours clocked to a total of 150 points over 3 years is also require.

Application form is available from the website and can be download from this website of [www.apec-emf.org](http://www.apec-emf.org) Complete the form and submit with experience details and payment
